## RECOMMENDATION

That the Bicycle and Pedestrian Advisory Committee receive score and rank the proposed projects for the FY2007/08 Development Act (TDA) Article 3 Program.

## FISCAL IMPACT

TDA Article 3 Bicycle and Pedestrian project funding cycle for FY 2007-08 is estimated to be \$1,698,689.

## SOURCE OF FUNDS

TDA Article 3 funds are derived from a portion of the California State sales tax on a percentage of retail sales.

## BACKGROUND/DISCUSSION

A call for project was issued on November 10, 2006, requesting local jurisdictions to submit applications for bicycle and pedestrian related projects. A total of 20 project applications were received from 10 different jurisdictions. All proposed projects have met the project screening criteria.

The BPAC completed field visits to a number of projects sites on February 10, 2007. Project sponsors presented their respective projects at the March 1, 2007 BPAC meeting. Per that meeting, the following changes to the project fund request are as follows:

- City of Brisbane –\$1,000,000 for the Bayshore Corridor N/S Bikeway project
- City of Burlingame –\$25,387 for the California Drive shared lane project
- City of Burlingame –\$50,467 for the Howard Ave. Bike Lane project
- City of Burlingame - \$40,000 for the Broadway/Paloma Ave intersection

BPAC members will be scoring the 20 project applications. BPAC members were provided scoring sheets (attached). A Scoring Matrix (MS Excel) was also provided electronically. At the direction of the BPAC, staff assigned points for the sections with objective scoring criteria, which includes the following.

- Section II.b: Right-of-Way Certification
- Section II.c: Permits/Agreements obtained

- Section II.d: Project design completed
- Section III.c: Cost sharing

The respective points are represented on the attached updated Scoring Matrix. Point assignments will be reviewed and confirmed by the BPAC. For the point assignments, boxes with a "?" indicates that the score will be assigned pending verification by staff and/or final determination by the BPAC.

At the March 22<sup>nd</sup> meeting, BPAC members will have opportunities to discuss the projects and will provide their respective scores for tallying and ranking. Final project recommendations and selections will be made.
